

FOUNDATIONAL CAPITAL ALLOCATION FRAMEWORK

Document ID: BU-2026-001

Version: v1.0

Status: FINAL & ACTIVE

Issue Date: 02 April 2026

Jurisdiction: Global

Authority: Final Sovereign Control

 CONFIDENTIALITY & CONTROL

This document constitutes a restricted and controlled framework.

Access, duplication, or interpretation without authorization is prohibited.

All rights, decisions, and control remain with the Final Authority.

 1. SYSTEM DEFINITION

Black Universe (BU) is a universal capital allocation system designed to structure, control, and scale capital across all asset classes.

Total Asset Classes: 5

Layers per Asset: 4

Total System Blocks: 20

 2. CORE ALLOCATION STRUCTURE

Total capital is distributed equally across all asset classes:

Asset Class

Allocation

Real Estate

20%

Debt

20%

Equities

20%

Commodities

20%

Money Markets

20%

Each asset class operates under a fixed 4-layer structure:

Reserve (25%) → Survival & Base Stability

Stability (25%) → Operational Flow

Security (25%) → Risk Control & Protection

Growth (25%) → Expansion & Future Scaling

◆ 4. ASSET CLASS FRAMEWORK

🏠 REAL ESTATE

Reserve: Agriculture, Residential, Water, Energy

Stability: Transport, Commercial, Logistics

Security: Industrial, Institutional, Strategic

Growth: Digital Infrastructure, Resource Extraction

📄 DEBT

Reserve: Government, Banking, Multilateral

Stability: Corporate, Trade Finance, Consumer

Security: Structured, Distressed, Private Credit

Growth: High Yield, Infrastructure Financing

📈 EQUITIES

Reserve: Blue Chip, Dividend

Stability: Large Cap, Index / ETF

Security: Defensive, Strategic

Growth: Mid Cap, Small Cap, Emerging Sectors, Private Equity

📊 COMMODITIES

Reserve: Agriculture (incl. livestock, soft), Water

Stability: Energy, Industrial Metals

Security: Precious Metals, Strategic Materials

Growth: Rare Earths, Battery Metals, Carbon Credits

💰 MONEY MARKETS

Reserve: Cash, Treasury Bills, Central Bank Reserves

Stability: Commercial Paper, Certificates of Deposit, Interbank

Security: Repo, Collateralized Instruments

Growth: Money Market Funds, Arbitrage, Digital Cash Equivalents

## ◆ 5. SYSTEM PRINCIPLES

3

Structural Integrity is Mandatory

No Overlap Between Categories

Role Clarity Across All Layers

Equal Base Allocation at System Level

Centralized Decision Authority

Controlled Capital Flow

## ◆ 6. AUTHORITY FRAMEWORK

Final Authority (KING)

Absolute Approval / Rejection Rights

Allocation Control Across System

Strategic Direction

System Engine

Structural Clarity

Framework Maintenance

Decision Support

## ◆ 7. APPROVAL MECHANISM

All system-level decisions follow:

Submission

Validation:

Structural Integrity

Non-Overlap

Logical Consistency

Decision:

APPROVED

REJECTED

MODIFIED

Approved decisions become permanent system components

## ◆ 8. SYSTEM STATUS

This document represents a fully structured, balanced, and controlled system covering all major asset classes and economic layers.

## ◆ 9. DECLARATION

“This framework defines the foundational structure of capital allocation under the Black Universe system and is hereby established as the governing structure for all future operations.”

## ◆ 10. AUTHORIZATION

Name: \_\_\_\_\_

Role: Final Authority

4

Date: \_\_\_\_\_

Signature: \_\_\_\_\_

◆ 11. OFFICIAL SEAL
